

Hello OEC family!

I decided to start by saying “hello” rather than “goodbye” because I do not believe this is goodbye. You might say “see you later” or “see you soon”, but you never say “goodbye” to family. I have called OEC my home for 8 years. That seems so long and yet so short. I have learned so much from all of you- from the youngest to the oldest and everyone in between. This has been an amazing place to work.. and to laugh.. and to cry. We have had so many good times together and some sad times together but always *together*. That is the beauty of this school. We do things together; by each other’s side. I will miss each and every one of you for different reasons, but I know that I am leaving you in good hands with Ms. Simon. She has the heart and soul of a counselor and will step into my shoes (and my office) seamlessly. She also said that I can come visit anytime I want! So, when you least expect it... I will be back for hugs and stories of how everyone is doing. Until then, please take care of yourselves and each other.

With much love, Ms. Cohen/Ms. Coco
